# STUDENTS' GYMKHANA ELECTIONS Year 2018-19

Indian Institute of Technology, Guwahati

File Ref: IITG/SAC/GYM18/Elections/Agenda/

## Agendas and Declaration Form

Post contesting for: **General Secretary, Hostel Affairs Board**

Name: PYARIMOHAN DEHURY

Nick Name.: PINTU

Tagline (Punch line): Be Simple & Be Honest

### **Agendas:**

#### **Sustainable model for maintaining Sufficient utensils in mess:**

Every time HAB provides matching number of utensils (glass, spoon and plate) corresponding to strength of hostels but with time these number decreases. Most of the mess have insufficiency of utensils which causes following problems-

1. Utensils have to wash in between the lunch and dinner hours in hurry which make the probability of improperly cleaned utensils very high.
2. With the insufficiency of utensils, many workers remain busy in washing the utensils. These workers can be engaged in the mess hall for service related work for better service.

**Plan-** On the off day of every month, utensils will be counted and caterer has to pay and provide the lost number of utensils from their side as this is the responsibility of the caterers to keep the number of utensils up to mark. Only this model will ensure the sufficient and constant number of utensils in the mess throughout the year.

### **Central store under HAB for mess equipment's:**

Equipment's are the back bone of the hostel mess. When these equipment's stops working or they need repairing, in such condition problems happens as hostels don't have extra equipment which can replace the equipment which need repairing or schedule maintenance. Because of this many times hostellers compromise with the mess menu and sometime this problem sustains for weeks.

**Plan of action-** A central store under HAB will be opened which will have two extra numbers of all equipment's used in the mess. When hostels mess equipment's will stop working or need repairing, in such condition, Hostel can borrow the same equipment's from the HAB central store.

### **Problem related to buses and Bus Routes:**

There are many problems related to buses in the campus. Few of them are as below-

1. Institute buses while leaving to city and coming to city don't take round in the hostel areas, because of this student suffers a lot.
2. Buses don't start on time, run usually late from the scheduled time.

**Plan of action:** There is no committee to discuss these problems with the establishment section. A Bus management committee will be proposed, so that the voices regarding problem related to buses can be raised properly and things can be monitored well.

### **Mosquito Fogging System For Hostels**

In current system, maintenance section outsources the fogging system and also this drive is not sufficient for current scenario as these drive is done 2-3 times in a year, which is not sufficient.

**Plan of action:** There will be a fogging system of HAB and also individual mini fogging machines will be provided to hostels.

### **Change in the maintenance procedures:**

In current system, we first book the complaint on the complaint booking system. Then, next day maintenance guys use to visit the room and check what is the problem. If they need anything to be replaced, then they use to come on next day after getting the required item issued. In this way the small problem of

tube light replacement and fan replacement take one more day. If this delay can be minimized, it will give much relax to students.

**Plan of action-**Every hostel office will have a small store for the ceiling fans, tube lights, water taps. Hostel offices will get these item issued from them maintenance in bulk and have a small store for these items on hostel level. The maintenance guys will get the item issued by the hostels offices on the same day instead of taking them from the maintenance section next day. By doing this delay in maintenance works for replacement of tube lights and ceiling fans will be reduced.

### **Beauty Parlour for the Girls Hostel:**

After talking to girls, it if found that there is a need of beauty parlour within girl's hostel premises as they have to go to market complex and there the waiting time is quiet more. To save the time and making the life easier, beauty parlour will be provided to both the hostels.

**Plan of action-**This will be passed from the student's senate, then it will be one of agendas of the student's senate. After getting passed in the Students Affairs Council(SAC), it will be implemented. The help of girl's senators will be taken in this regard.

### **Central Saloon for Boys Hostel, cycle repairing shop and sports shop in the hostel area:**

There is no cycle repairing shop, saloon and sports shop within the hostel premises. After talking to students, the need of this facility is felt.

**Plan of action-**There is triangular shaped unused land in between Brahmaputra Hostel and the road connecting Dibang and Dihing Hostel. At this unused land, a 2 story building will be erected. Cycle repairing shop will be located on ground floor, 1<sup>st</sup> floor will be given a saloon cum men's parlour, 2<sup>nd</sup> floor will be given a sports shop. This will be pursued with the engineering section.

### **Water jet in western type toilets in hostels and hospitals:**

All the western type toilets in hostels and hospitals don't have water jets. Anyone who is not medically fit, has to suffer a lot because of it.

**Plan of action** -In the Hostel, I will pursue this with my joint secretary with the maintenance section. This time, there are 3 student members in the Medical User Group (MUG). With the student members of MUG, this will be pursued for Institute Hospital.

### **Interview and performance based extension of mess caterers:**

Mess contract is valid for one year only. Generally, extension is given for another year to avoid the further expenditure of advertisement and very long exercise of awarding the contract again. To through the non-performing players out of IITG, following plan is suggested.

**Plan of action**-For the one-year further extension, interview will be hold again and extension will be granted only if the overall performance index(OPI) is satisfactory and the recommendation of Hostel Management Committee (HMC) about the caterer is positive. The numbers of students in the interview committee will be increased from 2 to 5.

### **Maintaining Hygiene and Cleanliness of Mess:**

In current scenario the most of the carters don't take this seriously. As a result the condition of mess premises is very pathetic.

**Plan of action**- There will be a central mess inspection committee will be formed under HAB. The recommendation of this committee will be binding over the services committee of Hostel Affairs Board.

### **Ladies toilets in a Boys Hostels:**

In current scenario there is no ladies toilet in Barak, Kameng, Umiam and Dibang Hostel which creates a lot of problem for Girls. Placements interviews also being organized in Umiam Hostel since many years so girls have to suffer a lot.

**Plan of action:** This will be done through the engineering section/maintenance of the institute.

## **Sanitary pad vending machine in Girls Hostel & Married Scholars Hostel:**

This will make the life easier in the campus.

**Plan of action-** Both the girls hostel and MSH will be given the sanitary pad vending machines, Core-1 and Core-4 ladies toilet will also be given the sanitary pad vending machines. This will be pursued with the help of girl's senator by the services committee of Hostel Affairs Board.

## **End of double occupancy in the Dhansiri Hostel:**

Many girls have to live in a double seater room with another room partner. Within same hostels it differentiates among the students, and students have to suffer a lot in adjusting with the partners and it affects their academics and personnel life.

**Plan of action-** Half of the blocks of the new upcoming boy's hostel will be used as girls hostel till a new girls hostel will be erected. By doing this, everyone in the campus will have single accommodation in the room.

.

**Experiences (Credentials if any):**

1. Current General Secretary of Dibang Hostel:2017-18
2. Mess Convener of Dibang Hostel :2016-17

**Declaration by the candidate:**

I hereby declare that the above information is to the best of my knowledge. I do not have any disciplinary probation by the Institute and will abide by the rules and regulations laid for Gymkhana Election. I do not have any active backlogs to be cleared.

I know that any false information in this nomination form will lead to cancellation of my nomination and disciplinary action.
