# STUDENTS' GYMKHANA ELECTIONS

## Year 2018-19

Indian Institute of Technology, Guwahati

File Ref: IITG/SAC/GYM18/Elections/Agenda/

### Agendas and Declaration Form

Post contesting for: PG SENATORS

Name: PAPU KUMAR NAIK

Nick Name.: PAPU

Tagline (Punch line): Excellence in research and academics

#### **Agendas:**

##### **Agenda 1: Women safety**

Domain: Society and safety

Proposal: In the past year, some incidents related to physical violence and misbehavior to women, have happened. These are not acceptable at any level. To counter these unfortunate incidents, I propose this for the safety of women.

Possible solution: Installation of CCTV camera in major places of campus. The CCTVs will be installed keeping in mind of the usual gathering points in campus and also shall not breach the privacy of residents. If the major areas are covered and monitored for 24x7 by security remotely, IITG can effectively put security guards for patrolling in unconventional area.

Plan of Action: If I am elected as senator, I will put this agenda into official senate meeting for discussion. After having a constructive debate, the action plan will be proposed considering the views of every member of Gymkhana council.

## **Agenda 2: Proper maintenance of hostel kitchen drain**

Domain: *Cleanliness of Campus*

Proposal: Almost all drain which present in back side of the all hostels are kept open and not cleaned properly. Very pungent smell comes out from it. Mosquitos and flies are growing there, which is very unhygienic. That's why sometimes the students are complaining for insects in food. This is severely effected to health of the student.

Possible solution: These drains will be cleaned regularly. Covering of the sewage line, sprinkling of disinfectant like bleaching power and phenyl.

Plan of Action: If I am elected as senator, I will put this agenda into official senate meeting for discussion. After having a constructive debate, the action plan will be proposed considering the views of every member of Gymkhana council.

## **Agenda 3: Prize for publication**

Domain: *Incentives to students*

Proposal: I propose to IITG administration to give some kind of prize (money or certificate) for Ph.D. students for the best publication in their respective department or centre. This will encourage students to pay more concentration in research and ultimately lift the research excellence of IITG.

Possible solution: Small amount of fund should be allocated to all department and centre of the IITG for this purpose.

Plan of Action: If I am elected as senator, I will put this agenda into official senate meeting for discussion. After having a constructive debate, the action plan will be proposed considering the views of every member of Gymkhana council

## **Agenda 4: printing for flex posters**

Domain: *Academic*

Proposal: There is no flex poster printing facility in campus. Thus, students are going city for the printing for the posters. Also, there are various technical and cultural events organized throughout the year in the campus, for this also posters and flexes are integral part for advertisements. Students have to go to city to print the posters and flexes. That absorbs an enormous time and energy.

Possible solution: To save time and money, the administration of IITG should purchase a printer for printing flex and poster. Students can print their posters at a discounted rate specified by IITG.

Plan of Action: If I am elected as senator, I will put this agenda into official senate meeting for discussion. After having a constructive debate, the action plan will be proposed considering the views of every member of Gymkhana council

**Experiences (Credentials if any):**

Former Senate member of my graduation university (Sambalpur University, Odisha, 2011-2012)
