# STUDENTS' GYMKHANA ELECTIONS Year 2018-19

Indian Institute of Technology, Guwahati

File Ref: IITG/SAC/GYM18/Elections/Agenda/

## Agendas and Declaration Form

Post contesting for: UG Senator

Name: Prashant Singh

Nick Name.: Vicky

Tagline (Punch line): **Together I believe we can make a difference!**

### Agendas:

#### PROPOSAL 1 (Hospital Betterment and Management)

##### Agenda:

- Food for patients
- X-Ray machines
- Plastering service
- Dermatologist in OPD

##### Domain:

Hospital and Student Welfare

##### Proposal:

1. I propose that hospital must have a dermatologist as many students in IITG suffer from skin related problems especially freshers as the climate in Assam is humid and many students cannot adapt to the new climate easily.
2. I also propose that patients admitted in the hospital must get proper food for their fast recovery.
3. Also, our hospital lacks some services like X-ray machine, plastering services and which I think are basic services in case of sports/general emergency.

### **Solution:**

1. Institute must appoint a dermatologist for regular OPD for daily or alternate days basis as skin related problems in the campus are increasing day by day.
2. For proper food facilities for admitted patients, caterer of any hostel (which is currently from Subansiri Hostel) can be given the contract for preparing the special diet for admitted patients.
3. X-Ray machine and plastering service must be introduced in hospital.

### **Plan of Action:**

I will coordinate with hospital committee to introduce Dermatologist in IITG hospital for OPD and introducing X-Ray Machine and plastering service in IITG hospital.

## **PROPOSAL 2 (Campus Junta Benefits)**

### **Agenda:**

- Solar led lights in campus, live tracking system for IITG Buses, more number of E-Rickshaws in the campus.
- Collaboration with some cab service providers to provide cabs from campus to city especially airport at the discounted price.

### **Domain:**

Campus infrastructure and amenities

### **Proposal:**

1. I propose to replace all the street lights (many of which are not working) with more efficient and economical Solar Led Lights and I also propose to install more lights at various places like on road from Brahmaputra to KV and from New Sac to MS Hostel.
2. I also propose to install GPS system in Buses for live tracking of the same as many students miss the buses because of unavailability of the same.
3. I also propose that frequency of E-Rickshaws must be increased and at least 2 Rickshaws per 2-3 hostels must be present any time in case of emergency, for physically disabled people and I also propose that E-Rickshaw to the hospital in the medical emergency must be free to reduce the burden on Ambulances.
4. I also propose that our institute must collaborate with some car rentals to provide cab services from campus to Airport and vice versa at discounted prices as at present there are no buses to airport and also many times cabs are not present and some students miss their flight because of this, so this will help all the students going to airport.

### **Solution/Plan of Action:**

1. I will coordinate with the Electronic club so that we can make our own GPS trackers and coding club can help in designing app for the same. This will enhance both the clubs and IITG bus service.
2. The Issue will be raised in Senate for E-Rickshaw and cab collaboration and accordingly a plan would be worked out about the discount on fair, number of E-Rickshaws etc.

## **PROPOSAL 3 (Academic)**

### **Agenda:**

- Ease in process of application, payment of transcript by making the process online
- 24\*7 internet facility at least a week before exams.
- Organizing get-together for people pursuing same interests like UPSC, GATE, GRE, CAT, TOEFL etc.
- Extension in library book issue timings.

## **Domain:**

Academic

## **Proposal:**

1. I propose that transcript application process, fee payment should be made online along with the live status of the application.
2. I propose that 24\*7 internet service should be started at least a week before midsem and endsem.
3. I propose that get together should be organized for students pursuing same interests like UPSC, GRE etc. to create an environment in the campus for different streams other than engineering.
4. Also that, timings for issuing books (which is currently till 5:30 P.M) should be extended because most of the students have classes/labs during that time and that books can be issued on holidays also.

## **Solution/Plan of Action:**

1. I will coordinate with SWC to create a portal for transcript applying where students can apply and pay fees for transcripts.
2. CC can give access to the internet at least one week before the exams as this is very crucial time to prepare for exams and every student need internet for study-related purposes
3. Many formal, informal events(meetings) can be organized by Cultural board in association with SAB where students can exchange thoughts, study material, visions etc. so that whole student's community could be benefitted.

## **PROPOSAL 4 (Sports)**

### **Agenda:**

- Introducing Kabaddi, Wrestling, Boxing, Martial arts in SA course.
- Permanent Coaches for SA, NSO courses.

**Domain:**

Sports

**Proposal:**

1. I propose to introduce sports like Kabaddi, Wrestling, Boxing and Martial Arts in SA courses as these sports are not only world-renowned but also prepare the individual for self-defense and IIT should give an opportunity to those students who want to learn or pursue their career in these sports.
2. Permanent Coaches should be appointed for even better performance in events like Spirit, Inter IIT etc.

**PROPOSAL 5 (Hostel Affairs)**

**Agenda:**

- Centralized washing machines in each hostel.

**Domain:**

Hostel Affairs

**Proposal:**

1. I propose that a centralized washing machine system should be introduced in each hostel as washing machines in hostels are for domestic use and they are unable to bear such heavy uses.

**Solution:**

1. Each hostel can have an Industrial grade washing machine (approx. weight load of 50 kg) and one washer man who will collect clothes and will wash and dry them.

**Plan of Action:**

**I will coordinate with HAB to install those washing machines and recruit washer men for all hostels.**

**Experiences (Credentials if any):**

- 1. Branch Representative, Civil Engineering (2k16 Batch)**
- 2. City Representative(Noida) Technothlon'2017**
- 3. Organiser of YES+ workshop by YEC club**
- 4. Volunteer in Technothlon, Techniche'2017**

**Declaration by the candidate:**

I hereby declare that the above information is to the best of my knowledge. I do not have any disciplinary probation by the Institute and will abide by the rules and regulations laid for Gymkhana Election. I do not have any active backlogs to be cleared.

I know that any false information in this nomination form will lead to cancellation of my nomination and disciplinary action.
