# STUDENTS' GYMKHANA ELECTIONS

## Year 2018-19

Indian Institute of Technology, Guwahati

File Ref: IITG/SAC/GYM18/Elections/Agenda/

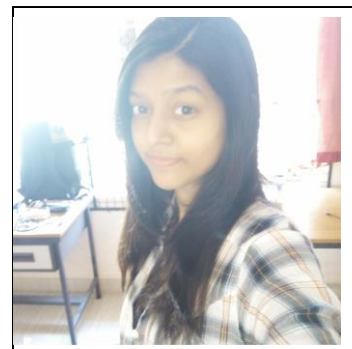

### Agendas and Declaration Form

Post contesting for: Girl Senator

Name: Shatakshi Gupta

Nick Name: Minnie

Tagline (Punch line): To improve is to change, to make perfect is to do change often.

#### Agendas:

**1. Agenda Heading:** Formation of a Committee to promote technical environment and coding culture among girls.

**Domain:** Technical Board

**Proposal:** Due to the lack of exposure and poor technical environment, girls who are very much interested in coding and technical stuff are not able to outlive in it.

**Possible Solution:** With the coordination of technical board a committee will be formed which will be focusing on to build a coding environment among girls under which various events and projects for girls will be floated.

**Plan of Action:** Under the Technical Board a committee will be formed which would conduct events and meetings for girls which would help them build a coding environment among themselves. Apart from it various coding events like "Girllathon" should be conducted to enhance their skills.

**2. Agenda Heading :** Organizing events to endorse girls participation in sports.

**Domain:** Sports Board

**Proposal :** As per the past scenario participation of girls in various events is quite less compared to Boys participation, so there is a need to encourage women participation.

**Possible Solution:** Women must be involved in activities happening inside campus for that regular events will be organized by sports board by coordinating with sports secretaries of girls hostels.

**Plan of Action:** With the coordination of girls representative and secretaries of various sports club specific events specifically for girls will be organized.

**3. Agenda Heading :** Introduction of Online Book Re-issue service for convenience.

**Domain :** Making the “Library” a more efficient place. [Academic Board]

**Proposal :** Students often have to travel with a book from their hostels to the library, and return with the same book again. This is redundant work, which can easily be avoided, keeping time retention in mind. This will also eliminate the hassle, which often leads to students not re-issuing the books on time.

**Possible Solution :** Creating a “Book Re-issue” portal, wherein students can login with their webmail id, enter a specific barcode or number associated with that particular book, follow some meagre steps, and voila ! - The book will again be re-issued for 45 days. This will heavily reduce some extra botheration because hey, who doesn’t want to do everything at home?

**Plan Of Action :** The Students’ Web Committee, working under the guidance of the Senate, will create a portal for book re-issuing. The Library officials will then be instructed to update the records of the books, as present exactly in the “Library kiosks”. After that, it will be open for student authentication.

**4. Agenda Heading :** To propose the establishment of a “Round the Clock Food World”.

**Domain :** Providing healthy food to hungry people at night.

**Proposal :** This is a very well-established fact that students in the campus wake up late-nights to complete their daily studies or chores. The canteens in various hostels fasten their doors by 2 am in the night, and then there is not a single food shop open in the campus, until 7 am in the next morning.

**Possible Solution :** Establishment of a well-managed food service centre in an existing building in the campus, possibly Food Court. Stress should be upon the well management of the shop, since general situations like this tend to the imagery of a shop having only one guy, and no fresh available food. That should definitively not happen.

**Plan Of Action :** Two shops can be given contracts for delivering food on “round-the-clock” basis. Each shop can function alternatively, either on a daily or shift basis. They may be given shop space in the Food Court.

If constriction of space is an issue, then existing shops can be approached for the above implementation. Only some pre-determined food will be available.

**5. Agenda Heading :** To put forward the idea of a mandatory health check-up for girls to regulate proper sanitary conditions.

**Domain :** Welfare Board

**Proposal :** As per the last many abruptions in water facilities and unhygienic circumstances we girls face almost daily , there is a dire need as “we know how much hygiene we need to maintain” .To avoid those circumstances there is a need to keep a check on their health and well hygienic conditions to avoid severe health disorders .

**Possible Solution:** Suggestions on regular conduction of health check-up and a track of sanitary conditions will be maintained by a committee which will form under the authority and guidance of CMO and coordination of welfare secretary.

**Plan of Action:** With the consent of the welfare secretary, a committee will be formed under the guidance of CMO, and allotments of students for regular check-up will be done by the committee and also they will keep an eye on hygienic conditions of hostels .

### **Experiences (Credentials if any):**

→ Mentor in PAL  
→ Marketing Executive in Techniche

**Declaration by the candidate:**

I hereby declare that the above information is to the best of my knowledge. I do not have any disciplinary probation by the Institute and will abide by the rules and regulations laid for Gymkhana Election. I do not have any active backlogs to be cleared.

I know that any false information in this nomination form will lead to cancellation of my nomination and disciplinary action.
