STUDENTS' GYMKHANA ELECTIONS

Year 2018-19

Indian Institute of Technology, Guwahati

File Ref: IITG/SAC/GYM18/Elections/Agenda/

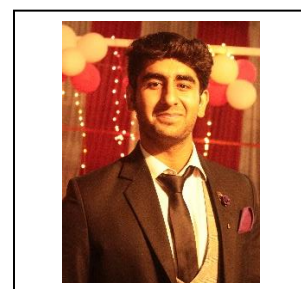

Agendas and Declaration Form

Post contesting for: General Secretary, Hostel Affairs Board

Name: SAHIL SAREEN

Nick Name.:

Tagline (Punch line): Work hard, eat well, sleep tight and stay healthy.

Agendas:

1. Removal of ban on senior students on interaction with freshman.

Proposal: Currently pertaining to threats related to harassment and security of freshman (first year students), senior students cannot interact with them in hostel premises for the first three month. Although this protects them, but the interaction is critically important for their growth and to inculcate a bond with their seniors.

Possible Solutions:

- The ban on this matter should be uplifted and HMC will be responsible for the safety of the freshman. They should organize weekly gatherings in small groups and should perform some light activities related to sports, dramatics, debates etc...
- There should be a **Room Mentor Program** wherein a group of freshman will be allotted a senior of the same hostel. The following senior will their first line of contact amongst other senior students and the senior should help them in rectifying the difficulties that he might be facing and should include weekly recreational gatherings.
- Monthly tea/snacks session with warden will be organised.

Plan of Action:

- I will conduct a survey amongst current first year students asking for their view on this and will consequently propose the result to the senate.
- After the proposal gets approval, I will instruct HMCs to form a list of activities that they can perform with the help of other senior students who are willing to volunteer.
- Just like Monthly Mess feedback, a feedback from freshman shall be collected pertaining to their stay in the hostel.

2. Use of Heavy Duty Washing Machines/ Centralized Laundry.

Proposal: Current Washing machines cannot withstand the amount of load that is forced onto them for such a long duration of time and as a result, they easily are damaged.

Possible Solutions:

- Build a centralized Laundry System. Students shall submit request online via an app. Workers Collect clothes from their room and return them after washing and ironing them within 24 hours.
- Replace current machines which are beyond repairable condition with heavy duty ones. These heavy-duty machines will be installed on the ground floor and will be operated by specified workers. They will charge nominal price for each cloth. Monthly maintenance of these machines will be done.

2. Imposing strict rules on Canteens and Juice Shops

Proposal: The prices put up on basic commodities such as fruits, eggs, milk etc... are not kept under check and hence the juice centers/canteens sell them at a higher price. This has to stop. Further, there is no fine imposed on canteen and Juice Shops if they extend their leave without prior informing to the MMC. There is a need of imposing tighter rules on them for better functionality.

Plan of Action:

- A committee will be formed which will go to the city monthly and get rates of various basic items. The same shall be conveyed to each hostel's MMC which will ensure that these rates are followed.
- If they are found violating any rules, a warning letter will be issued and a fine will be imposed on every 3rd warning letter.

3. Market Complex/ local food shops in between hostels

Proposal: There is lot of unused spaces between hostels and most of it is in pathetic condition. It is the major reason of breeding of infectious diseases. These places should be used for creating local food shops or a Market Complex followed by open sitting arrangements. This results in open conversation amongst students of different hostels and increases social interaction.

Plan of Action/ Possible Solution:

- Leveling of possible places: Brahma- Dihing Junction; Manas- Umiu Bridge Junction; Infront of Lohit Hostel. This will be followed by bringing tender for various shops.

5. Monthly hostel inspection

Proposal: Food and water are two essential commodities that needs to be provided at the highest quality. Hence, there is need of monthly and surprise check of water and food.

Plan of Action/ Possible Solution:

- Institute will collect water samples from different sources such as taps, water coolers, and water tanks and analyze it monthly.
- Food Inspector/ Food Nutritionist can be hired who will check food samples at any given day of the month. They can also provide diet plans to individuals according to their needs and can similarly help sports persons.

4. Miscellaneous points

- Installation of Jet spray in all toilets of every hostel.
- Installation of Sanitary Pads vending Machines in Girls Hostel.
- Cycle stand wherever required.
- Floodlights/ LED lights in hostel grounds.
- Allocation of primary HAB budget for fast processing of minor problems.
- Proper Air Conditioned room for storage of food grains.
- Whitewash of all hostels.

Experiences (Credentials if any):

- **MMC member**, Brahmaputra Hostel, IIT Guwahati.
- **Convener, Academic Conclave 2017**, St. Stephen's College (2017).
- **Vice President**, The Photographic Society (2017).
- **Class Representative (C.R.)** (2015).
- **Secretary**: The Computer Science Society (2016), The Photographic Society (2016) , Physical Sciences Society (2017).
- Volunteered for National Integrity Tour to J&K organized by Indian Army.
- Part of school team in Football, Cricket, Handball, Shot Putt and was awarded Best Footballer of School in 12th standard.
- Won gold in Hammer Throw at Spirit-2017, IIT Guwahati.
- Won gold in Squash in Spardha- 2018.

Declaration by the candidate:

I hereby declare that the above information is to the best of my knowledge. I do not have any disciplinary probation by the Institute and will abide by the rules and regulations laid for Gymkhana Election. I do not have any active backlogs to be cleared.

I know that any false information in this nomination form will lead to cancellation of my nomination and disciplinary action.
