Indian Institute of Technology, Guwahati

File Ref: IITG/SAC/GYM15/Elections/Agenda/

Agendas and Declaration Form

Post contesting for: UG Senator

Name: Poreddy Sai Krupal Reddy

Nick Name.:

Tagline (Punch line): Let's make tomorrow better than today.

Photograph

Agendas:

- An integrated app system

An intuitive digital platform to address all campus chores, activities.

Its most unique features would be:

1. Food feedback

Regular assessment of mess, food stalls and canteen food (taste, hygiene, quality) shall be taken by the app. The feedback would be notified to the MMC regularly. The power given to MMC must be increased.

2. Real Time Bus locations (Manually logged)

This particular issue had been proposed many times only to be rejected. I intend to follow up on this again because i believe this feature is worth the time and effort.

3. Complaint booking system

Avoiding the hassles associated with complaint booking system, especially the one when the complaint gets acted upon and the student isn't present at the time. I intend to eliminate this by giving the choice of time to the student thus making the system more interactive and efficient.

- Introducing non-conventional sports: kabaddi, kho-kho, archery and skating.

- Hospital Issues

A recent misunderstanding of a prescription by a professor had alerted all of us to the dangers of medical ignorance. A database mapping lists of medicines (available in our institute) to diseases would be compiled and can be accessed by all the campus junta. This could be incorporated into the app itself.

- Physically challenged people

I shall propose the construction of ramps are built for physically handicapped people near entrance of every hostel (e.g.: siang, barak, umiam, kameng, dibang and lohith already have it)

- Drop Box system in hostel

Getting an approval from caretaker on hostel related issues is a hassle given the busy schedules of both the caretaker and the students. Introducing a Drop Box system would make the process more convenient for both students and the caretaker.

- Continuing the legacy

Due to some issues the propositions of previous senators were not implemented completely. These include some very good ones. I would like to adopt some of these points and try to further their legacy.

1. Hygiene in juice centers and canteens
2. Guidance to juniors

Proper planning and implementation of the Mentor-Mentee Program in all the hostels by including welfare secretary of the respective hostels.

3. Exam breaks

Consecutive exams during the mid/end exams induces stress and undermines confidence of students. So I would like to implement a day-break between two consecutive exams for the upcoming academic year.

4. Strategic dustbin placing

Placing of dustbins at regular distances and have them cleaned regularly.

5. Street lights

Many street lights on the roads are not properly functioning. I will have them repaired and checked regularly.

- Interaction with hmc

I propose a committee from senate that takes care of the issues regarding hostel and one of the member of this committee must be an invitee to the hmc meetings.

- Efficient energy utilization

I will try to install alternate energy means in the campus. I would propose a trial run if required (just like IIT KGP)

- Natural habitat

There are chances of snakes and many more animals coming into hostels. Preventive measures like fencing around hostels will be employed to address this issue.

Experiences (Credentials if any):

- Core Team Member of Robotics Module, Techniche'17
- Team member of Robotics Module, Techniche'16
- Core Team Member of Public Relations & Branding, Udgam 2017
- City representative Technothlon 2016
