STUDENTS' GYMKHANA ELECTIONS

Year 2018-19

Indian Institute of Technology, Guwahati

File Ref: IITG/SAC/GYM18/Elections/Agenda/

Agendas and Declaration Form

Post contesting for: Senator

Name: Samarth Chauhan

Agendas:

- 1) **Agenda Heading:** Set up TV in food court.
Domain: Infrastructure.
Proposal: The TV will be switched on in specific hours.
Possible solution: CBS videos and videos or slideshows of pictures of various club events along with the current events will be showcased and occasionally sports matches.
Plan of action: A proposal for the TV will be made and an outsourced software platform where all the videos of CBS and other clubs will be stored and in random order the videos or slideshow of pictures will be played. And during an ongoing event, the videos related to the event will be played on it.
- 2) **Agenda Heading:** Introduce Zero Hour in Sports for beginners
Domain: Sports Board
Proposal: Students who have interest in a particular sport but due to unavoidable circumstances haven't been able to receive proper coaching in that particular sport will now be able to learn the sport under proper guidance.
Possible solution: The zero hour will basically directly link the beginners with the SA/NSO or inter IIT coaches.
Plan of action: On discussion with the coaches the frequency for the zero hour will be decided.
- 3) **Agenda Heading:** Introduce Pool Club.
Domain: Sports Board
Proposal: Pool tables are common in most hostels now and there must be a common platform for the students to showcase their talent in pool.
Possible solution: 2-3 pool tables will be bought and a Pool Club representative will be appointed in charge of the club.
Plan of action: If the Pool Club experiences active participation, the sport will be proposed to be included in Spardha.

- 4) **Agenda Heading:** Ensure proper cleaning and maintenance of area around the hockey field near Siang and Kapili
Domain: Maintenance
Proposal: The area around the mentioned hockey field is covered with wild bushes and attracts a lot of insects and mosquitoes. The messes of Kapili hostel and Siang hostel are nearby this area, making this a hygiene issue.
Possible solution: The area will be properly cleared and treated.
Plan of action: Approach the maintenance section and HoS and even treat the area with smoke and pesticides.
- 5) **Agenda Heading:** Propose a new cycle stand for Kapili
Domain: Infrastructure
Proposal: Kapili has inadequate space for parking
Possible solution: Patches of areas between 2 wings of Kapili Hostel and area around the main gate will have cycle stands
Plan of action: A road will be laid and cycle stands will be built.
- 6) **Agenda Heading:** Devise a plan to use Smart card/RFID systems/biometrics in mess
Domain: HAB
Proposal: Most students skip meals in mess for atleast 4-5 times in a month. A smart card will monitor the number of days a student has meals in the mess and will allow a refund of a particular number of days. And the MMC of respective hostel will now have proper stats which will be useful in the long run.
Possible solution: Upon discussing with the caterers and the MMC a refund of a specific number of days will be allowed.
Plan of action: Electronics Club, IITG is already working on RFID systems. The number of days for which refund will be allowed will be decided upon discussion.
- 7) **Agenda Heading:** Propose an Animal Care drive.
Domain: Welfare Board
Proposal: Most Hostels and the Academic area have plenty of animals around, these animals do not get proper care and might be infected with diseases.
Possible solution: There will be a voluntary Animal Care drive for better hygiene of these animals and thus ensuring our better hygiene.
Plan of action: The drive will be assisted by veterinarians and vaccination would be provided to the animals every once in a semester. The volunteers will be informed in advance and proper equipment would be provided to them.
- 8) **Agenda Heading:** Propose a temporary solution for Optical Fiber breakdown
Domain: CCC
Proposal: For many hostels, the LAN cable gets cut and the internet connection is lost for as long as 4-5 days and hostel boarders face a lot of inconvenience due to this.
Possible solution: Develop a new link of Optical Fiber from some other hostel to the hostel in which there is breakdown of Optical Fiber.
Plan of action: Set up optical fiber of some other hostel to the hostel in which the optical fiber wire has been cut like an extension board in principle. Approach CC and figure out a solution for technical difficulties such as clashing of hostel IP addresses.

Experiences (Credentials if any):

- | | |
