Tagline (Punch line): It never gets easier, It just gets better

Photograph

Agendas:

- 1) Common areas should be made in the campus where boys and girls can work together on their assignments and projects, 24*7.
- 2) To spread awareness about the already existing Internal Complaints Committee for Women as many people do not know about it.
- 3) After the evaluation of answer scripts, they must be uploaded online along with model solutions as many students often leave for vacations and do not get to view their answer scripts.
- 4) The timings for girls' gym and swimming sessions should be revised as per the ease of many girls who find the timings incompatible with their normal schedule.
- 5) Feedback of coaches from students should be taken towards the end of every semester.
- 6) Making an online portal showing the equipment demands and room permissions sought by various clubs.
- 7) Follow up with the Cycle Rental Facility for Campus Students.
