STUDENTS' GYMKHANA ELECTIONS
Year 2018-19
## Indian Institute of Technology, Guwahati

Agendas and Declaration Form

Post contesting for: General Secretary, Student Alumni Interaction Linkage

Name: Mehul Bhatia

Nick Name.:

Tagline (Punch line): Securing our future…

Agendas:

1. Alumni Mentorship Program

Domain: Student Alumni Mentorship

Proposal: Inculcating AMP to the main IITG portal, so that there is easy access to this program for students and alumni mentors and they can access the portal as and when needed. Also, automating the total Mentorship allotment system, with automatic email sending.

Possible Solution: Adding a hyperlink or a button in the 'Forms' section of the intranet portal {only for students}. In the main IITG website, adding a button on the Quick Links -> Alumni Mentorship -> SAIL website -> AMP mentors form

Plan of Action: We will contract the IITG CC to provide us with the required changes on the portal, after taking appropriate permission from office. Also, there is an Alumni Mentorship Button on IITGAA website which is empty as of now, but can be linked as required. There should be an automatic assignment method for assigning the mentees to their respective mentors after every few decided days of interval.

2. AlumX Series

Domain: Lecture Series
Proposal: Conduct a three-day lecture series by our most coveted alumni.
Possible Solution: For each domain, we plan to bring one of the most coveted alumni to the campus or through webinar in the conference hall/auditorium, who can give talk to students on how to perform well in their respective fields.
Plan of Actions:
a) All of the SAIL team is involved in searching the best possible alumni to be invited for a talk in their respective domains.
b) Form a team of 4-5 members who will be responsible for bringing sponsors and food stalls to be set up. The sponsors' money will be used for funding any airfare costs, if it exceeds the budget allocated to SAIL.

3. Query Portal

Domain: Student's Welfare
Proposal: Opening up of a query portal for students for taking advice from alumni.
Possible Solution: A tab on the SAIL page for students where they can post their queries and certain alumni from various domains will be invited to be a 'Guider' on the page and answer the student's queries.
Plan of Action: We will have a google form asking their query, taking input as roll number, webmail id, phone number, email id, domain of query and the query itself. The query will be checked by designated SAIL team members (2 Members). If genuine, they will post the query on the page and an email notification will be sent to the domain related alumni asking them to respond to the given query on the page itself

4. Student Alumni Corporate Experience

Domain: Student and Alumni Welfare
Proposal: A page on SAIL website, where alumni can post their 'A Day in XYZ Company' videos and blogs. Plus, this will also hold various job and internship openings which can be posted by alumni.
Possible Solution: A link to the page containing the Alumni experience should be present on the SAIL page. The alumni of various industry are to be contacted by the SAIL team, asking them to volunteer for a video, based on their typical day in corporate sector. We will also promote the page as an active Job/Internship searching place for students as well as alumni.
Plan of Action:
a) SAIL team members will contact the alumni at various firms, ranging across different sectors to volunteer for video submission. We will also contact the alumni, who are now a faculty, to discuss on how they typically spend their day.
b) The team (of 2-3 members) will also be focused on regular mailing and contacting the alumni through linked, spreading awareness about the page.
c) Any student across the globe can have access to these videos, hence can also lead to branding of SAIL website. These videos can also be Linkedin to the SAIL YouTube page.
d) We will also inform the alumni to regularly update and check for any new job openings at their firm, which can be further updated on the page.

5. Faculty-Alumni Research Network (FARN):

Domain: Student Faculty Research Projects
Proposal: The alumni can bring up the R&D projects of their respective firms to be solved by the IITG faculty and students.
Solution: Owing to the widespread corporate R&D needs, our alumni can pitch various industrial projects to the IITG faculty, which can be taken up by them, hence benefitting both the faculty and the students, since being provided with new industry funded research projects.
Plan of Action:
a) Alumni conveying their needs for the R&D project through the SAIL website.
b) SAIL team will contact them for further details like the department, duration, funding, company etc. We would also ask them to assign their preferred faculty for this project.
c) The project details are then floated on the respective department websites (or through webmail) to all the faculty members, and they can, depending on their choice, chose the project. This would hence allow students to take part in new industry related R&D projects

6. 25th Anniversary IIT G Celebration

Domain: IIT G Alumni Meet

Proposal: On the occasion of 25th anniversary of IIT Guwahati, we plan to invite all the Alumni of IITG to campus, and hold an event-cum-get together.

Solution: E-mails will be sent out to the alumni body of our campus, inviting them to be a part of the grand celebration at IITG. A nominal fee will be charged from them, which will further be used for preparing and making the arrangements for the event.

Plan of Action:

a) Emails being sent out to the alumni asking them to fill the invitation form, and also conveying about how the payment has to be done.

b) A dedicated team will be involved in booking of hotels in city, if the guest house is not sufficient for the accommodation of alumni.

c) Events and get together meets will be scheduled throughout the day.

d) Money obtained during the event will be used further for making the necessary arrangements.

e) Travel arrangements to and from hotel will also be accomplished by the dedicated student member team.

Experiences (Credentials if any):

1. Founder of Alumni Mentorship Program (AMP)(an initiative under SAIL)

2. Student Coordinator and Content Head at Student Alumni Interaction Linkage (SAIL)

3. Sports and Cultural Secretary at Association of Civil Engineers (ACE)

4. Part of Gymkhana Elections Team 2017

Declaration by the candidate:

I hereby declare that the above information is to the best of my knowledge. I do not have any disciplinary probation by the Institute and will abide by the rules and regulations laid for Gymkhana Election. I do not have any active backlogs to be cleared.

I know that any false information in this nomination form will lead to cancellation of my nomination and disciplinary action.
